

ASSIGNMENT 4

Answer the following questions in short, brief explanations. Most will require some research (Google, Wikipedia, etc).

1. What is a web service?
2. BitTorrent is described as a Web 2.0 technology (in comparison to Akamai). What principle does it demonstrate that makes it a Web 2.0 technology?
3. Where does the term “wiki” (as in Wikipedia) originate from?
4. Name 2 of the top 10 visited web sites and what is their approximate number of unique visitors per month?
5. Why is blogging considered a Web 2.0 technology?
6. What does Vannevar Bush describe a “memex” as (exact quote)?
